

```
#include<stdio.h>
int main(void){
    int i=1,j=2;
    int *ptrx,*ptry;

    ptrx=&j;
    ptry=&i;

    *ptrx = j;
    *ptry = i;

    printf("%d %d\n",i,j);
    return(0);
}
```
